	inder penalty of perjury under the laws of the state of Kansas that I am authorized to request
exempt status (under Rule K.A.R. 82-3-304 on behalf of the operator Berexco LLC
and that the fo	regoing pressure information and statements contained on this application form are true and
correct to the b	est of my knowledge and belief based upon available production summaries and lease records
• •	nstallation and/or upon type of completion or upon use being made of the gas well herein named.
I hereby re	quest a one-year exemption from open flow testing for the Skinner B-2
gas well on the	grounds that said well:
(Che	eck one)
Ĺ	is a coalbed methane producer
Ĺ	is cycled on plunger lift due to water
اِ	is a source of natural gas for injection into an oil reservoir undergoing ER
Ļ	is on vacuum at the present time; KCC approval Docket No
يا	is not capable of producing at a daily rate in excess of 250 mcf/D
_	gree to supply to the best of my ability any and all supporting documents deemed by Commission sary to corroborate this claim for exemption from testing.
Date: 12/12/14	4
	(CC WICHITA

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under OBSERVED SURFACE DATA. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption IS denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
