I declare under penalty of perjury under exempt status under Rule K.A.R. 82-3-304 on	the laws of the state of Kansas that I am authorized to request behalf of the operator PALMER OIL, INC.
	and statements contained on this application form are true and
• • •	f based upon available production summaries and lease records
•	completion or upon use being made of the gas well herein named.
I hereby request a one-year exemption fro	om open flow testing for the ROGER #13-1
gas well on the grounds that said well:	
(Check one)	Received KANSAS CORPORATION COMMISSION
is a coalbed methane prod	DEC 1 5 2014
is cycled on plunger lift du	e to water CONSERVATION DIVISION
	WICHITA, KS for injection into an oil reservoir undergoing ER
	nt time; KCC approval Docket No
is not capable of producin	g at a daily rate in excess of 250 mcf/D
I further agree to supply to the best of my	ability any and all supporting documents deemed by Commission
staff as necessary to corroborate this claim fo	or exemption from testing.
Date: 12/12/2014	
Sig	nature: Stelley ase
	Title: WELL OPERATIONS ASSISTANT

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
