RECEIVED

	under the laws of the state of Kansas that I am authorized to request								
exempt status under Rule K.A.R. 82-3-30	04 on behalf of the operator Priority Oil & Gas LLC								
and that the foregoing pressure informa	ation and statements contained on this application form are true and								
correct to the best of my knowledge and	belief based upon available production summaries and lease records								
of equipment installation and/or upon typ	pe of completion or upon use being made of the gas well herein named.								
I hereby request a one-year exempt	ion from open flow testing for the Harkins 4-29								
gas well on the grounds that said well:									
(Check one)									
<u></u>	is a coalbed methane producer								
	is cycled on plunger lift due to water								
	I gas for injection into an oil reservoir undergoing ER								
	oresent time; KCC approval Docket No								
is not capable of pro	ducing at a daily rate in excess of 250 mcf/D								
I formation and an according to the contraction of									
· · · · · · · · · · · · · · · · · · ·	of my ability any and all supporting documents deemed by Commission								
staff as necessary to corroborate this cl	aim for exemption from testing.

RECEIVED									

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
