Re: Leiker 8-15 I
SW/4 Sec. 08-15S-16W
Ellis County, Kansas
15-051-26637-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Leiker 8-15 well.

The original 365 days for closure expires on 12/03/2014. This extension will expire on 3/03/2015. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Re: Pit Closer Form

I would like an extension to get the pits closed on the Leiker 8-15 API # 1164195. I made several attempts to close them in the past 12 months. With the heavy rains they never dried out enough to do so. The well was completed in December 2013

If you have any questions, please give me a call at 303-358-9938

Thanks,
