Re: Concept 1
NE/4 Sec. 32-22S-14W
Stafford County, Kansas
15-185-23838-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Concept 1 well.

The original 365 days for closure expires on 11/19/2014. This extension will expire on 2/19/2015. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but **no pit permit extension shall be extended beyond six months after the original deadline.***

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Subject: Concept #1

Kathy

We are requesting an extention of time to finish filling the pits on the Concept #1 located in the NE/4 32-22-14 Stafford Co. API # 15-185-23838-0000. Due to repetative rains in the area, the pits are to wet to fill.

Thank you for your consideration of the above.
