Re: Decker 1-20
SE/4 Sec. 20-17S-34W
Scott County, Kansas
15-171-21018-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Decker 1-20 well.

The original 365 days for closure expired on 01/15/2015. This extension will expire on 4/15/2015. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Re: Decker 1-20
API #15-171-21018
Sec 20, T17S, R34W
Scott County, Kansas

Dear Ms. Haynes,

Please accept this letter as an application for extension of time to close the pits on the subject well. Some of the working pits are closed and the reserve pit is ready to be closed however, the contractor we have hired to do this work, W & L Dirt Construction, has been unable to finish this work yet. The original pit application required that these pits be closed within 365 days from spud date of this well. We are making an honest effort to get this work done as soon as possible. Would you please give us a 180 day extension of time and we will continue to make every effort to close these pits completely as quickly as possible.

Thanks for your assistance.

Very truly yours,
Eagle Creek Corporation

Dave Callewaert
President
