Dear Shari:

Attached are three wells in which Texas Energies, Inc. has submitted the paper work for plugging. We have just received these wells from them and in order to proceed with the pulling and plugging of these wells, we will need a extension for the plugging authorization.

We are ready to do the wells and rest assured that the necessary preparation will be made for the extension. This is all the paper work I have to send on the wells. You should have the required information since authorization has been previously granted.

Thank you in advance for your assistance and prompt attention to this matter.

Sincerely,

Debra K. Duntz
Secretary
