Total Depth 3941 Feet.

PLUGGING
FILE 12-30 R 1W
25
WELL plugged LINE-45

Pa.
3/2/42
H.S.

(Describe briefly the manner in which the well

35ft of Cement & rock in bottom of hole
14 4/8 ft of 5 1/2 pipe left in hole filled with heavy mud
to 200ft then about 20 ft of Cement & rock at 200ft
in 8 3/8 2 10ft of surface pipe that was cemented & left
in hole shutting off all surface water - 175 sack of
Cement back of this pipe & surface dirt filled back in
bellar & was to this well March 5-42 and also

on March 28 42 that was left in
well & the Cement
that was put in. I would
call this a good job of
plugging

W. Y. Buffington
