(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Commingling production down hole from U. Morrow (Wilburton Sandstone), U. Morrow (Santa Fe Trail Sandstone), and Middle Morrow. This well is currently completed with two strings of tubing and two production packers isolating three intervals. The proposed work includes moving the packers, and installing one string of tubing to artificially lift the fluid that is currently restricting production.
