Dear Mr. Williams

Pursuant to our telephone conversation of last week, enclosed please find the referenced form as well as a copy of Dual Induction Laterlog for the Tuttle #11-116.

AEXCO would like to plug this well as soon as possible. It would be appreciated if your office would approve this application immediately. Our plugging contractor will contact the field office in Dodge City and coordinate the plugging procedure.

Your assistance is appreciated. If you require anything else or have any questions, please give me a call at (405) 844-1991.

Sincerely,

Karl T. Holliman
Land Manager

Dear Karl T. Holliman,

This letter is to notify you that the Conservation Division is in receipt of your plugging proposal, form CP-1, for the above-captioned well.

Your CP-1 has been reviewed by the Conservation Division central office for completeness and to verify license numbers. The plugging proposal will now be forwarded to the district office listed below for review of your proposed method of plugging.

Please contact the district office for approval of your proposed plugging method at least at five (5) days before plugging the well, pursuant to K.A.R. 82-3-113 (b). If a workover pit will be used during the plugging of the well it must be permitted. A CDP-1 form must be filed and approved prior to the use of the pit.

The Conservation Division's review of form CP-1, either in the central or district office, does not include an inquiry into well ownership or the filing operator's legal right to plug the well.

This notice in no way constitutes authorization to plug the above-captioned well by persons not having legal rights of ownership or interest in the well. This notice is void after ninety (90) days from the above date.

Sincerely,

A handwritten signature in cursive script that reads "David P. Williams".
