COMMISSION  
KANSAS

(Describe briefly the manner in which the well was plugged)

Cemented in bottom and up into the pipe.

shot pipe off and then filled with heavy atary mud. then a showing of gas  
keep showing up then hole was filled with heavy mud and let set for about  
3 weeks that was all during the storm of last of Jan and first of feb  
then had a 50 sacks plug of cemenet set and coming well up into.  
surface pipe. then refilled with mud to top and a cap put on using 10 sacks  
cemnet..
