RECEIVED

I declare under penalty of perjury under the laws of the state of Kansas that I am authorized to request exempt status under Rule K.A.R. 82-3-304 on behalf of the operator APACHE CORPORATION and that the foregoing pressure information and statements contained on this application form are true and correct to the best of my knowledge and belief based upon available production summaries and lease records of equipment installation and/or upon type of completion or upon use being made of the gas well herein named. I hereby request a one-year exemption from open flow testing for the HAGER #1-18 gas well on the grounds that said well:
(Check one) is a coalbed methane producer is cycled on plunger lift due to water is a source of natural gas for injection into an oil reservoir undergoing ER is on vacuum at the present time; KCC approval Docket No is not capable of producing at a daily rate in excess of 250 mcf/D I further agree to supply to the best of my ability any and all supporting documents deemed by Commission staff as necessary to corroborate this claim for exemption from testing.
Date: 1/5/15 Signature: SR. ENGINEERING TECH

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.

January 26, 2015

Mr. Jim Hemmen Kansas Corporation Commission Oil & Gas Conservation Division 130 S. Market - Room 2078 Wichita, KS 67202

Re: G2 for 2014
HAGER #1-18
Sec.18-34S-27W
Meade County, KS

Jim,
This well is strol on
plunger of yearpt from
testing wanted to
be sure we have an
allowable for 2015.
Thanks
918-491-4983

Dear Mr. Hemmen:

Enclosed is a 2015 Form G2 for the referenced well. This well is still on plunger lift and is exempt from testing. If you need any additional information, please email rhonda.prill@apachecorp.com or call me at (918) 491-4983.

Sincerely,

Rhonda Prill Engineering Tech
