Re: Rekker 19-1
NE/4 Sec. 19-17S-09W
Ellsworth County, Kansas
15-053-21309-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Rekker 19-1 well.

The original 365 days for closure expired on 04/25/2015. This extension will expire on 7/25/2015. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. *Extension of this time frame automatically extends the time period for filing the closure of surface pit form, but not the time period for filing the waste transfer form (CDP-5).*

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Suite #220
Wichita, KS 67202

Dear Kathy:

On behalf of *Bickle Energies, LLC*, I would like to request a pit closure (CDP4) extension for the "REKKER 19-1" (API: 15-053-21309). This lease is located in Ellsworth County, Sec 19 -T17s-R9w; and 2310' FNL & 2310' FEL. Due to the excess moisture that has been received on the lease, evaporation of all fluids has not been possible; therefore the pit has not yet been closed. I would like to request a temporary extension to allow for the remaining fluids to evaporate, so that a safe restoration of the location can be made possible. Thank you for your time and consideration.

Sincerely,

Eli Felts
Agent for: *Bickle Energies, LLC*
