United States Department of the Interior

BUREAU OF LAND MANAGEMENT
9522-H E. 47TH PLACE
TULSA, OKLAHOMA 74115

TAKE PRIDE IN AMERICA

IN REPLY REFER TO:
KS NM 67681
3160 (04437)

Date: May 11, 1994
Lease No.: KS NM 67681
Operator: Executive Properties, Inc.
Well No.: Frontier-Hemphill #1
Location: CNE¼NE¼ sec. 30,
T. 34 S., R. 42 W.
Morton County, KS

Telephone:
Office: (918) 621-4114, Tulsa
Wells: (918) 251-5447, Broken Arrow (after 5 p.m.)

Conditions of Approval to Plug and Abandon

The following are additions and/or modifications to the proposed operations:

1. At least two working days prior to operations, notify Mr. Roger Middleton, telephone (918) 621-4133, so that a representative of this office may be present to witness the operations.

2. Cementing requirements follow: note that the following items must have an excess of 10% slurry for each 1000 feet of depth. Cement slurry shall be Class "A" or "H" & yield of 1.18 cf/sx and minimum plug size of 25 sacks. A cement plug (100' in length) is required to be set every 3000' of open hole.

a. Set a cement plug from 3400 to 3290', woc, tag top of plug or set a CIBP @ 3290' with 35' cement placed on top of plug by wire line.

b. Displace casing with 9 #/gal drilling mud or sufficient mud weight to stabilize hole.

c. If casing 4½" O.D. pulled: You are required to place a cement plug f/50' below to 50' above cut-off. Cement plug f/1262' to 1062', woc, tag top of plug. Cement plug required f/53' to surface.

d. If 4½" O.D. casing not pulled, a 4½" O. D. casing should be perforated @ 1262', squeeze with 100 sacks of cement with cement top @ 1062'. Cement plug required f/53' to surface.

RECEIVED
MAY 13 1994

3. The casing will be cut off 3' below ground level and the well bore capped with a 1/2 inch thick metal plate. The plate shall contain the following inscription information: legal description, well number, lease number, API number, and date. The plate shall be welded in place. A weep hole will be left in the plate.

Note: The date inscribed on plate shall be the date well was plugged and abandon and shall be reported on the 3160-5 Sundry Form.

4. The surface of the lands disturbed in connection with the conduct of operations shall be reclaimed in accordance with the previously approved reclamation plan. If the well and other facilities are not covered by a previously-approved reclamation plan, a surface reclamation plan shall be submitted with a Sundry Notice. Surface reclamation should be coordinated with the USDA Forest Service, Cimarron National Grassland, Box J, Elkhart, KS 67950, telephone number (316) 697-4621.

5. Regulations require that an original and four copies of the Sundry Notice (Form 3160-5, enclosed) be submitted within thirty (30) days after completion of operations. Summarize operations performed, including all pertinent dates and results of operations.

If you have any questions concerning this matter, contact Sanford Wells at 918-621-4114.

Sincerely,

Virgil L. Pauli

Virgil L. Pauli

*See Instruction on Reverse Side

GENERAL INSTRUCTIONS

This form is designed for submitting proposals to perform certain well operations, and reports of such operations when completed, as indicated, on Federal and Indian lands pursuant to applicable Federal law and regulations, and, if approved or accepted by any State, on all lands in such State, pursuant to applicable State law and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal and/or State office.

SPECIFIC INSTRUCTIONS

Item 4—If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

Item 13—Proposals to abandon a well and subsequent reports of abandonment should include such special information as is required by local Federal and/or State offices. In addition, such proposals and reports should include reasons for the abandonment; data on any former or present productive zones, or other zones with present significant fluid contents not sealed off by cement or otherwise; depths (top and bottom) and method of placement of cement plugs; mud or other material placed below, between and above plugs; amount, size, method of parting of any casing, liner or tubing pulled and the depth to top of any left in the hole; method of closing top of well; and date well site conditioned for final inspection looking to approval of the abandonment.

NOTICE

The Privacy Act of 1974 and the regulation in 43 CFR 2.48(d) provide that you be furnished the following information in connection with information required by this application.

AUTHORITY: 30 U.S.C. 181 et. seq., 351 et. seq., 25 U.S.C. et. seq.; 43 CFR 3160.

PRINCIPAL PURPOSE — The information is to be used to evaluate, when appropriate, approve applications, and report completion of secondary well operations, on a Federal or Indian lease.

ROUTINE USES:

(1) Evaluate the equipment and procedures used during the proposed or completed subsequent well operations.

(2) Request and grant approval to perform those actions covered by 43 CFR 3162.3-2(2).

(3) Analyze future applications to drill or modify operations in light of data obtained and methods used.

(4)(5) Information from the record and/or the record will be transferred to appropriate Federal, State, local or foreign agencies, when relevant to civil, criminal or regulatory investigations or prosecutions.

EFFECT OF NOT PROVIDING INFORMATION — Filing of this notice and report and disclosure of the information is mandatory once an oil or gas well is drilled.

The Paperwork Reduction Act of 1980 (44 U.S.C. 3501, et. seq.) requires us to inform you that:

This information is being collected in order to evaluate proposed and/or completed subsequent well operations on Federal or Indian oil and gas leases.

This information will be used to report subsequent operations once work is completed and when requested, to obtain approval for subsequent operations not previously authorized.

Response to this request is mandatory for the specific types of activities specified in 43 CFR Part 3160.

BURDEN HOURS STATEMENT

Public reporting burden for this form is estimated to average 25 minutes per response, including the time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments regarding the burden estimate or any other aspect of this form to U.S. Department of the Interior, Bureau of Land Management, (Alternate) Bureau Clearance Officer, (WO-771), 18 and C Streets, N.W., Washington, D.C. 20240, and the Office of Management and Budget, Paperwork Reduction Project (1004-0135), Washington, D.C. 20503.
