Dear Mr. Mason:

Referenced site was inspected on July 15, 1991 by Dick Bennin of my staff and Jim Houtz representing Anadarko. This site was recontoured, seeded and mulched in the fall of 1988. The established vegetative cover is satisfactory. The electric facility on this site will remain in place to serve adjacent facilities.

The company has met the surface restoration obligations. Forest Service recommends releasing bond obligations pertaining to the surface restoration for this site.

Sincerely,

Richard J. Bennin
