RE: Patrick Development Corporation
Earl Gray Lease
E/2 SE/4 Sec. 18, Twp. 26, Rng. 17
Woodson County, Kansas
Earl Gray Wells #64 & #66

Dear Ms. Metcalf:

* Enclosed please find complete copies of the wireline logs for the above-referenced wells, which I submit to supplement the Applications for Injection permission that have been filed for each. Attached to the front of each is the Kansas Geological Survey printout for those wells, which corrects the location information that was completed in error when the original drilling intents were filed. That mistake was then repeated on the wireline logs. The Application, Publication Notice, etc. are consistent with the corrected Kansas Geological Survey information.

Please contact my office if you need anything further.

Very Truly Yours,

R. Kent Pringle
