Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Jenisch 2-34 well.

The original 365 days for closure expired on 02/12/2015. This extension will expire 08/12/2015. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman

Dear Kathy

Please allow us another 6 months extension on filling the pit on the Jenisch 2-34. Our dozer operator recently checked the condition of the pit. We hauled some water off of the pit. We have had more rain which has caused the pit to not dry up. We have been working on the Jenisch pit but it has not dried out. Thank you for your consideration on this matter.

Sincerely
