Re: Campbell 4-17  
SE/4 Sec. 17-13S-32W  
Logan County, Kansas  
15-109-21293-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Campbell 4-17 well.

The original 365 days for closure expired on 05/28/2015. This extension will expire on 8/28/2015. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.*

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

  
Ryan A. Hoffman  
Director

SE/4, section 17-13S-32W  
API #15-109-21293  
Logan County, KS

Dear Kathy:

Shakespeare Oil Co., Inc., requests a pit closure extension of three months due to wet ground conditions preventing our dirt contractor from restoring the location. The location is still too wet to reclaim at this time.

If you have any questions, please call me anytime.

Sincerely,  
Shakespeare Oil Company, Inc.

Don Williams  
Vice President
