Re: Meyers 1
SE/4 Sec. 15-19S-09W
Rice County, Kansas

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Meyers 1 well.

The original 365 days for closure expired on 01/19/2015. This extension will expire 7/19/2015. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman

Re: Meyers #1 Oil and Gas Lease, API # 15-159-22766
SE/4 Section 15-19S-9W, Rice County, Kansas
ZU LLC, Kansas Operators License # 32699

Ms. Haynes:

ZU LLC, the operator of the above listed lease, does hereby request an extension until July 19th, 2015 to close the drilling pits of the Meyers #1 oil well.

The drilling pits have never been completely dry since we have drilled the Meyers #1 well. The landowner of the property, Jim Meyers, has asked that the drilling pits be completely dry before closing as he had a bad experience with another operator not letting the drilling pits completely dry; thus creating a soft spot when working the ground with his heavy farm machinery.

The Meyers #1 location has had over 14" of rain in the month of May 2015. We expect that with hotter, and hopefully drier, weather of June and July that the drilling pits will be able to dry out and the pits will be closed by the July 19th, 2015 deadline.

Please feel free to call me on my cell number listed below if you have any questions.

Thank you for this consideration.
