

# KANSAS CORPORATION COMMISSION ONE POINT STABILIZED OPEN FLOW OR DELIVERABILITY TEST

Type Test:

(See Instructions on Reverse Side)

- Open Flow  
 Deliverability

Test Date:  
10/5/15

API No. 15  
15-047-21,216-0001

Company McCoy Petroleum Corporation			Lease Janssen "A"		Well Number 1-9
County Edwards	Location C NW SE	Section 9	TWP 26S	RNG (E/W) 19W	Acres Attributed
Field Titus		Reservoir Mississippian		Gas Gathering Connection SemGas	
Completion Date 11/1/05		Plug Back Total Depth 4820'		Packer Set at	
Casing Size 4-1/2"	Weight 10.5#	Internal Diameter	Set at 4952'	Perforations 4716'	To 4728'
Tubing Size 2-3/8"	Weight 4.7#	Internal Diameter	Set at 4732'	Perforations	To
Type Completion (Describe) Single		Type Fluid Production Gas & Water		Pump Unit or Traveling Plunger? Yes / No Pump Unit	
Producing Thru (Annulus / Tubing)		% Carbon Dioxide		% Nitrogen	
				Gas Gravity - G <sub>g</sub>

I declare under penalty of perjury under the laws of the state of Kansas that I am authorized to request exempt status under Rule K.A.R. 82-3-304 on behalf of the operator McCoy Petroleum Corporation and that the foregoing pressure information and statements contained on this application form are true and correct to the best of my knowledge and belief based upon available production summaries and lease records of equipment installation and/or upon type of completion or upon use being made of the gas well herein named.

I hereby request a one-year exemption from open flow testing for the Janssen "A" #1-9 gas well on the grounds that said well:

(Check one)

- is a coalbed methane producer
- is cycled on plunger lift due to water
- is a source of natural gas for injection into an oil reservoir undergoing ER
- is on vacuum at the present time; KCC approval Docket No. \_\_\_\_\_
- is not capable of producing at a daily rate in excess of 250 mcf/D

I further agree to supply to the best of my ability any and all supporting documents deemed by Commission staff as necessary to corroborate this claim for exemption from testing.

Date: 11/3/15

Signature: Scott Hangel  
Title: Vice President - Production

**Instructions:** If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
