		For Commiss	ion			ECEIVED			Chec	cked by		

I declar	1050-
exempt stat	us under Rule K.A.R. 82-3-304 on behalf of the operator LOBO PRODUCTION, INC.
	e foregoing pressure information and statements contained on this application form are true and
orrect to th	e best of my knowledge and belief based upon available production summaries and lease records
of equipme	nt installation and/or upon type of completion or upon use being made of the gas well herein named.
I hereb	request a one-year exemption from open flow testing for the BRINEY 2-35
as well on	the grounds that said well:
(Check one)
	is a coalbed methane producer
	is cycled on plunger lift due to water is a source of natural gas for injection into an oil reservoir undergoing ER
	is on vacuum at the present time; KCC approval Docket No
	is not capable of producing at a daily rate in excess of 250 mcf/D
	Is not dapable of producing at a daily rate in excess of 200 micro
l furthe	r agree to supply to the best of my ability any and all supporting documents deemed by Commissio
	essary to corroborate this claim for exemption from testing.

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under OBSERVED SURFACE DATA. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption IS denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
