The undersigned authority, on behalf of the Company, states that he is duly authorized to make the above report and that he has knowledge of the facts stated therein, and that said report is true and correct. Executed this the														

I declare under penalty of perjury under the laws of the state of Kansas that I am authorized to request exempt status under Rule K.A.R. 82-3-304 on behalf of the operator VESS OIL CORPORATION					
and that the foregoing pressure information and statements contained on this application form are true and					
correct to the best of my knowledge and belief based upon available production summaries and lease records					
of equipment installation and/or upon type of completion or upon use being made of the gas well herein named. I hereby request a one-year exemption from open flow testing for the MISAK #1					
gas well on the grounds that said well:					
(Check one)					
is a coalbed methane producer					
is cycled on plunger lift due to water					
is a source of natural gas for injection into an oil reservoir undergoing ER					
is on vacuum at the present time; KCC approval Docket No					
is not capable of producing at a daily rate in excess of 250 mcf/D					
I further agree to supply to the best of my ability any and all supporting documents deemed by Commissi	'n				
staff as necessary to corroborate this claim for exemption from testing.	/11				
stan as necessary to correspond to the claim for exemption from testing.

Received KANSAS CORPORATION COMMISSION Title: OPERATIONS ENGINEER					
NOV 1 8 2015					
CONSERVATION DIVISION WICHITA, KS					

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
