	onder the laws of the state of Kansas that I am authorized to request D4 on behalf of the operator Merit Energy Company							
and that the foregoing pressure informations and correct to the best of my knowledge and	ation and statements contained on this application form are true and belief based upon available production summaries and lease records							
	oe of completion or upon use being made of the gas well herein named. ion from open flow testing for the McHargue B-1							
gas well on the grounds that said well:								
(Check one)								
is a coalbed methane								
	is cycled on plunger lift due to water							
	gas for injection into an oil reservoir undergoing ER							
	oresent time; KCC approval Docket No							
✓ is not capable or pro-	ducing at a daily rate in excess of 250 mcf/D							
I further agree to supply to the best staff as necessary to corroborate this cl	of my ability any and all supporting documents deemed by Commission aim for exemption from testing.							
Date: November 30, 2015								
Received Kansas corporation Commission DEC 0 2 2015	Signature: Katherine McClurkan Youhuwi MClurkan Title: Regulatory Analyst							
CONSERVATION DIVISION WICHITA, KS								

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under OBSERVED SURFACE DATA. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption IS denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
