exempt status under Rule K.A.R. 82-3-30	under the laws of the state of Kansas that I am authorized to request 04 on behalf of the operator HUMMON CORPORATION ation and statements contained on this application form are true and
	belief based upon available production summaries and lease records
of equipment installation and/or upon type. I hereby request a one-year exempt	be of completion or upon use being made of the gas well herein named.
gas well on the grounds that said well:	
is on vacuum at the p ✓ is not capable of pro	lift due to water I gas for injection into an oil reservoir undergoing ER present time; KCC approval Docket No ducing at a daily rate in excess of 250 mcf/D of my ability any and all supporting documents deemed by Commission
KCC WICHITA DEC 1 6 2015 RECEIVED	Signature: John C. Barrion Title: PRODUCTION ADMINISTRATOR / PUMPER

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
