Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Rodie A 1-31 well.

The original 365 days for closure expired on 08/15/2015. This extension will expire 2/15/2016. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman

RE: Surface Pit Closure
Rodie A #1-31
15-135-25795-0000

Kathy,

I am writing to request a second extension for filling the drilling pits on the above captioned well in Ness County. We have continued to monitor the pit and at this time they still have not dried out enough to fill. We would like an additional 6 month extension if possible.

Thank you for your patience.

Sincerely,

Glenna E. Lowe

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Rodie A 1-31 well.

The original 365 days for closure expired on 08/15/2015. This extension will expire on 1/15/2016. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but **no pit permit extension shall be extended beyond six months after the original deadline.***

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

Kathy,

I am writing to request an extension for filling the drilling pits on the above captioned well in Ness County. We have attempted to have them filled several times over the past several months but they still are not completely dried up enough at this time. We would like to have a 6 month extension if possible.

Thank you very much.
