Re: Pit Extension Expiration
Call Me Maybe 1
Sec. 36-32S-05E
Cowley County, Kansas
Permit No. 15-035-24582-00-00

Dear Sir or Madam:

The extension for above reference pit expired on 10/22/2015. According to Commission records a Closure of Surface Pit, form CDP-4, has not been received.

If the pit has not been closed, it must be closed immediately. Please complete the pit closure form (CDP-4) through KOLAR (Kansas On-Line Automated Reporting) at https://kolar.kgs.ku.edu.

Failure to close the pit and file pit closure form or file an additional extension request by **January 2, 2016** shall result in a monetary penalty in accordance with K.A.R. 82-3-602 (a). ***No pit extension shall be extended beyond six months after the original deadline.***

Should you have any questions or concerns, please contact the undersigned at (316) 337-6243.

Sincerely,

Kathy Haynes

Re: Call Me Maybe 1
NW/4 Sec. 36-32S-05E
Cowley County, Kansas
15-035-24582-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Call Me Maybe 1 well.

The original 365 days for closure expired on 05/29/2015. This extension will expire on 10/22/2015. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but ***no pit permit extension shall be extended beyond six months after the original deadline.***

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at https://kolar.kgs.ku.edu.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Re: Surface Pit Closure Forms- ("CPD-4")

Mrs. Rains,

Per our phone conversation this morning, Toto Energy, LLC is requesting an extension on the filing of ("CPD-4") forms for the following wells.

Call Me Maybe 1 (15-035-24582)- This pit is covered, and awaiting returning the surface to normal condition anticipate this will be completed by next week and the form will be filed.

Best Sellers 1 (15-035-24571)- This pit is covered, and awaiting returning the surface to normal condition. I anticipate this will be completed by next week and the form will be filed.

Defore 19-1 (15-035-24574)- This pit is currently under water, the pit will be closed as soon as possible once the water dries, and the pit is in condition to be closed. We anticipate 10-14 days if no rain. Attached is a picture showing the pit as it is currently under water.

Please let me know if you have any questions.

Sincerely,

L.B. Roemer
