Re: Glasgow 4  
SE/4 Sec. 16-35S-04E  
Cowley County, Kansas  
15-035-24596-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Glasgow 4 well.

The original 365 days for closure expired on 07/23/2015. This extension will expire on 12/23/2015. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.*

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

  
Ryan A. Hoffman  
Director

Re: Glasgow # 4 - Surface pit closure

Ms. Haynes,

I am requesting an extension of time to file the required CDP-4 forms as we are in the process of filling the pits and it is not yet complete because of wet conditions.

Please let me know if you need anything else.

Thank you,

Gary Anstine
