Re: David Worcester 2-24
NE/4 Sec. 24-07S-22W
Graham County, Kansas
15-065-24042-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the David Worcester 2-24 well.

The original 365 days for closure expired on 05/19/2015. This extension will expire on 8/19/2015. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Dear Ms. Haynes,

I write in regards to the surface pits that were used in the drilling of the David Worcester #1-24 & #2-24 oil wells. This lease is located in NE/4 of Section 24-7S-22W in Graham County.

After examining the pits yesterday, I believe it would be to our advantage to postpone the closing of these pits to allow more time for evaporation and drying out. This would also permit the farmer that owns the land time to harvest his wheat crop before we do any damage by moving in the dozer to close the pits.

For these reasons, I wish to seek an extended deadline for closing the pits and submitting the necessary paperwork. Thank you for your cooperation.

Best Regards,

Bryant J. Reese
