exempt status under Rule K.A.R. and that the foregoing pressure correct to the best of my knowled of equipment installation and/or	perjury under the laws of the state of Kansas that I am authorized to request 82-3-304 on behalf of the operator R & B Oil & Gas, Inc. Information and statements contained on this application form are true and dge and belief based upon available production summaries and lease records upon type of completion or upon use being made of the gas well herein named. exemption from open flow testing for the Traffas B7
is cycled on is a source of is a source of is on vacuum is not capable.	methane producer plunger lift due to water f natural gas for injection into an oil reservoir undergoing ER n at the present time; KCC approval Docket No e of producing at a daily rate in excess of 250 mcf/D the best of my ability any and all supporting documents deemed by Commission
Date: / 2/1/2	te this claim for exemption from testing.
Received KANSAS CORPORATION COMMISSION DEC 23 2015 CONSERVATION DIVISION WICHITA, KS	Signature: Poul Laboratorial Vice President

Instructions:

If a gas well meets one of the eligibility criteria set out in KCC regulation K.A.R. 82-3-304, the operator may complete the statement provided above in order to claim exempt status for the gas well.

At some point during the current calendar year, wellhead shut-in pressure shall have been measured after a minimum of 24 hours shut-in/buildup time and shall be reported on the front side of this form under **OBSERVED SURFACE DATA**. Shut-in pressure shall thereafter be reported yearly in the same manner for so long as the gas well continues to meet the eligibility criterion or until the claim of eligibility for exemption **IS** denied.

The G-2 form conveying the newest shut-in pressure reading shall be filed with the Wichita office no later than December 31 of the year for which it's intended to acquire exempt status for the subject well. The form must be signed and dated on the front side as though it was a verified report of annual test results.
