Re: JMR 3
NE/4 Sec. 28-16S-13W
Barton County, Kansas
15-009-26031-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the JMR 3 well.

The original 365 days for closure expired on 10/18/2015. This extension will expire 4/18/2016. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Subject: extension request JMR #3

Re: API # 15-009-26031-00-00
Lease: JMR #3
28-16S-13W N2SWSWNE
Barton County

Dear Kathy Haynes,

I am writing to ask for a six-month extension for the Surface Pit Closure for the JMR #3 well.

The extension is needed due to rain keeping the pits wet. The landowner does not want the pits closed until he can walk across the pit. The pits have been squeezed twice, but it has rained after each squeeze. The fresh water pits and some of the working pits have been closed. Now there has been rain and snow that is keeping the pits from drying.

Thank you for your consideration.

Sincerely,

Ron Schmidtberger
