Re: Eulert Ranch N-35 #2
NW/4 Sec. 35-11S-15W
Russell County, Kansas
15-167-23991-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Eulert Ranch N-35 #2 well.

The original 365 days for closure expired on 08/20/2015. This extension will expire 2/20/2016. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Eulert Ranch N-35 well.

The original 365 days for closure expired on 08/20/2015. This extension will expire on 1/08/2016. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman

Re: Surface Pit Closure Forms (CDP-4)

Sirs:

We are hereby requesting an extension on the closing of the drilling pits on the below captioned wells. We have not been able to close them completely because of excessive rainfall in the area.

Wichita Ks 67202-1513

Dear Sir:

I am in need of a further extension on th 2 wells listed below for , closing the drilling pits. Because of several hard rains and two wet snows we have been unable to close the pits even after dewatering, the drill cuttings are too soft to cover after several attempts.
