1. GENERAL

A. Seller's prices are based on these sales terms and (i) this document, together with any additional writings signed by Seller, represents a final, complete and exclusive statement of the agreement between the parties and may not be modified, supplemented, explained or waived by parol evidence, Buyer's purchase order, a course of dealing, Seller's performance or delivery, or in any other way except in writing signed by an authorized representative of Seller, and (ii) these terms are intended to cover all activity of Seller and Buyer hereunder, including sales and use of products, parts and work and all related matters (references to products include parts and references to work include advisory services with respect to the rigging up and operation of Seller's equipment). Any references by Seller to Buyer's specifications and similar requirements are only to describe the products and work covered hereby and no warranties or other terms therein shall have any force or effect. Catalogs, circulars and similar pamphlets of the Seller are issued for general information purposes only and shall not be deemed to modify the provisions hereof.

B. The agreement formed hereby and the language herein shall be construed and enforced under the Uniform Commercial Code as in effect in the State of Texas on the date hereof.

2. TAXES

Any Sales, use or similar type taxes imposed on this sale or on this transaction are not included in the price. Such taxes shall be billed separately to the Buyer. Seller will accept a valid exemption certificate from the Buyer if applicable, however, if an exemption certificate previously accepted is not recognized by the governmental taxing authority involved and the Seller is required to pay the tax covered by such exemption certificate, Buyer agrees to promptly reimburse Seller for the taxes paid.

3. PERFORMANCE, INSPECTION AND ACCEPTANCE

A. All products shall be finally inspected and accepted within ten (10) days after customer receives the products at his designated location. All claims whatsoever by Buyer (including claims for shortages) excepting only those provided for under the **WARRANTY AND LIMITATION OF LIABILITY** and **PATENTS** Clauses hereof must be asserted in writing by Buyer within said ten (10) day period or they are waived. If this contract involves partial performances, all such claims must be asserted within said ten (10) day period for each partial performance. There shall be no revocation of acceptance. Rejection may be only for defects substantially impairing the value of products or work and Buyer's remedy for lesser defects shall be those provided for under the **WARRANTY AND LIMITATION OF LIABILITY** Clause.

B. Seller shall not be responsible for nonperformance or delays in performance occasioned by any causes beyond Seller's reasonable control, including, but not limited to labor difficulties, delays of vendors or carriers, fires, governmental actions and material shortages. Any delays so occasioned shall effect a corresponding extension of Seller's performance dates which are, in any event, understood to be approximate. In no event shall Buyer be entitled to incidental or consequential damages for late performance or a failure to perform.

C. If Buyer wrongfully rejects or revokes acceptance of items tendered under this agreement, or fails to make a payment due on or before delivery, or repudiates this agreement, Seller shall have a right to recover as damages the price as stated herein. Upon recovery of the price, the items involved shall become the property of the Buyer.

4. TITLE AND RISK OF LOSS

Full risk of loss (including transportation delays and losses) shall pass to the Buyer upon delivery of products to the f.o.b. point. However, Seller retains title, for security purposes only, to all products sold hereunder, until paid for in full in cash and Seller may, at Seller's option, repossess the same, upon Buyer's default in payment hereunder, and charge Buyer with any deficiency.

5. WARRANTY AND LIMITATION OF LIABILITY:

A. Seller warrants that new products, rebuilt products, and new parts of its own manufacture when purchased separately, will be of good quality when shipped and will be free from defects in material and workmanship. No warranty is made with respect to used equipment, and on products not manufactured by Seller, Seller will assign to the customer whatever warranty Seller receives from the manufacturer. Seller's services and recommendations with respect to the rigging up and the operation of Seller's equipment are advisory only and are not warranted. Seller does not warrant any parts not installed by Seller's service representatives and shall not be responsible for work done or repairs made by others. **THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF.**

B. All claims for defective products and parts under this warranty must be made in writing immediately upon discovery and, in any event, within ninety (90) days from shipment of the applicable item. In the case of parts which are purchased separately and are actually installed by the Seller's Service Representative, claims must be made within forty-five (45) days from shipment of applicable item. Defective items must be held for Seller's inspection and returned by Buyer at Buyer's sole expense to the original f.o.b. point upon Seller's request. **THE FOREGOING IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES WHATSOEVER, EXPRESS, IMPLIED AND STATUTORY, INCLUDING WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS.**

C. Upon Buyer's submission of a claim as provided above and its substantiation, Seller shall at its option either (i) repair or replace its product, part or work at the original f.o.b. point of delivery or (ii) refund an equitable portion of the purchase price.

D. The foregoing is Seller's only obligation and Buyer's only remedy for breach of warranty, and except for gross negligence, willful misconduct, and remedies permitted under the **PERFORMANCE, INSPECTION AND ACCEPTANCE** and the **PATENTS** Clauses hereof, the foregoing is Buyer's only remedy hereunder by way of breach of contract, tort or otherwise. In no event shall Buyer be entitled to incidental or consequential damages. Any action for breach of this agreement must be commenced within two (2) years after the cause of action has accrued.

6. PATENTS

Seller agrees to assume the defense of any suit for infringement of any United States patents brought against Buyer to the extent such suit charges infringement of any apparatus or product claim by Seller's product in and of itself, provided (i) said product is built entirely to Seller's design, (ii) Buyer notifies Seller in writing of such suit within ten (10) days after the service of process thereof, and (iii) Seller is given complete control of the defense of such suit, including the right to defend, settle and make changes in the product for the purpose of avoiding infringement. Seller assumes no responsibility for charges of infringement of any process or method claims, unless infringement of such claim is the result of following specific instructions furnished by Seller.

7. "INTEREST WILL BE CHARGED ON DELINQUENT ACCOUNTS AT THE RATE OF 1 1/2% PER MONTH OR THE MAXIMUM RATE ALLOWED BY LAW, WHICHEVER IS LESS."
