No. 3 (SWDW)
C SE SE SW 4-24-4W
Docket No. 80,492-C (C-13,210)

Dear Sirs:

There is no plugging report on the above referenced well. When attention was called to the fact that the presently used injection well was unpermitted reference was made that the No. 3 was never used nor was ever drilled. However, we know this not to be factual as I and others have checked the well many times in past and there is also a completion card on the well.

We expect you to uncover and spot this well and to properly plug it promptly.

We expect to hear from you in this regard without undue delay.

Sincerely yours,

DIVISION OF ENVIRONMENT
