**Reason for Investigation:**

Request from Jon Myers.

**Problem:**

Abandoned well on inactive license.

**Persons contacted:**

District #3 Staff, Jon Myer.

**Findings:**

On 3/10/2016 I GPS'd all the wells I could find on the Mustoe lease last operated by Leslie Wolfe #32967 (suspended). I located 19 wells. Two of these wells were possibly plugged. They were old style wells full of dirt with grass growing in them. None of the wells matched the footages of the above mentioned well. All of the wells located matched footages and API numbers of wells on Leslie Wolfe's license. On 3/18/2016 I checked with a metal detector at and around the location of the Mustoe #1B footages. I did not locate any signs of metal. I also could not visually see any signs of a well location ever being built at this site.
