Gentlemen:

On our plugging report for our J. Krug #1, Center E $\frac{1}{2}$  NE $\frac{1}{4}$  SW $\frac{1}{4}$  of Section 35-15-13W, we show a total recovery of 2330 feet of casing. This is in error. The plugger showed the casing as being shot off at 2330 feet, on his daily report and did not show how much casing was recovered. The casing was not free at that point and had to be shot higher up before coming free. Only 1304 feet of casing was recovered. Will you please make this correction on the record we filed.

Yours very truly,

HELMERICH & PAYNE, INC.
