Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Max Wells C 2 well.

The original 365 days for closure expired on 5/04/2016. This extension will expire on 10/04/2016. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but no pit permit extension shall be extended beyond six months after the original deadline.

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

RE: Extension on drill pit closure

Dear Kathy,

I would like to request a 6 month extension on the closing date for the following two wells due to heavy and persistent rainfall which has delayed the complete drying out of the two pits.

Max Wells C-1 15-159-22818-00-00 N2 N2 NW/4 35-20s-10w, Rice County

Max Wells C-2 15-159-22823-00-00 SE SW NE NE 34-10s-10w, Rice County

Sincerely,

Ron Herold by Herb Deines
