Re: Frisbie B 1-6  
NE/4 Sec. 06-02S-35W  
Rawlins County, Kansas  
15-153-21158-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Frisbie B 1-6 well.

The original 365 days for closure expired on 7/01/2016. This extension will expire on 10/01/2016. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but **no pit permit extension shall be extended beyond six months after the original deadline.***

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman  
Director

Sammy Flaharty  
Kansas Corporation Commission  
266 N Main, Ste 220  
Wichita, KS 67202-1513

Sammy,

We are asking for an extension on the following well due to wet conditions at the pit site. Pits are still too wet to backfill. A 90 day extension should be long enough.
