**Re: Sitz A 3  
Sec. 26-12S-16W  
Ellis County, Kansas  
15-051-24559-00-00  
Closure of Workover Pit - Extension of Time Unavailable**

Operator:

A review of your recent correspondence and/or our files indicates that the referenced pit remains open, and that a further extension of time to close the pit is not available to you. The pit is or was required to be closed by **May 19, 2016**.

If you wish to obtain an exception to K.A.R. 82-3-602, you will need to file a formal application and publish notice under K.A.R. 82-3-100. Note that the application may or may not be granted. You may contact our legal department if you have questions about that process.

If the referenced pit is not closed along with a Surface Pit Closure ("CDP-4") Form submitted, or alternatively if a formal application has not been filed, by **September 9, 2016**, staff may make a penalty recommendation to the Commission, which may result in a monetary fine.

You are welcome to contact me with any questions, by either calling the phone number at the top of the page or emailing me at [k.haynes@kcc.ks.gov](mailto:k.haynes@kcc.ks.gov).

Sincerely,

Kathy Haynes

Re: Workover Pit Extension  
Sitz A 3  
Sec. 26-12S-16W  
Ellis County, Kansas  
Permit No. 15-051-24559-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time to close the workover pit associated with the Sitz A 3 well.

The pit was permitted on August 19, 2015. Workover pits must be closed within 90 days after workover operations cease. According to your extension request letter, additional workover operations are necessary. This extension will expire on **May 19, 2016**. We urge you to make every effort to close these pits within this time frame. Extension of the pit closure time frame automatically extends the time period for filing the closure of surface pit form, but not the time period for filing the waste transfer form (CDP-5).

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but **no pit permit extension shall be extended beyond six months after the original deadline.***

Please complete the pit closure form (CDP-4) through KOLAR (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman  
Director
