Re: Brian C-1  
SW/4 Sec. 26-20S-10W  
Rice County, Kansas  
15-159-22799-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Brian C-1 well.

The original 365 days for closure expired on 10/10/2015. This extension will expire 4/10/2016. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).*

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman  
Director

RE: CDP -4 FOR API 15-159-22799-00-00

**Kathy Haynes**

This letter is in regards to a CDP 4 violation we received for the Brian C-1 API 15-159-22799-00-00 . We were planning to use this pit for a haul off pit for a well a mile and a half to the east. Due to the low price of oil we postponed the drilling of this well . In the meantime we got rain and the pit has several inches of rain water. I would like to have a 90 day extension for pit closure.

Sincerely,

  
Ron Herold
