Closure of Drill Pit - Extension of Time Unavailable**

Operator:

A review of your recent correspondence and/or our files indicates that the referenced pit remains open, and that a further extension of time to close the pit is not available to you. The pit is or was required to be closed by April 28, 2016.

If you wish to obtain an exception to K.A.R. 82-3-602, you will need to file a formal application and publish notice under K.A.R. 82-3-100. Note that the application may or may not be granted. You may contact our legal department if you have questions about that process.

If the referenced pit is not closed along with a Surface Pit Closure ("CDP-4") Form submitted, or alternatively if a formal application has not been filed, by **July 13, 2016**, staff may make a penalty recommendation to the Commission, which may result in a monetary fine.

You are welcome to contact me with any questions, by either calling the phone number at the top of the page or emailing me at [k.haynes@kcc.ks.gov](mailto:k.haynes@kcc.ks.gov).

Sincerely,

Kathy Haynes

Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Brad SWD 1 well.

The original 365 days for closure expired on 10/28/2015. This extension will expire 4/28/2016. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).*

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman

CDP-1

To Whom It May Concern:

We would like to request an extension to file the Surface Pit Closure Form (CDP-1) for the Brad SWD 1, located in SW SE S6-T35S-R12W, in Barber County, Kansas. The pit has been pushed but has not been closed completely. It is too wet at this time to close the pit. Indian Oil intends to get the pit closed as soon as it is dry.

Thank you for your consideration.

Sincerely,
