Dear Sir or Madam:

This letter is to inform you that you have been granted an additional extension of time in which to close the drilling pits associated with the Dirks E 3 well.

The original 365 days for closure expired on 06/18/2015. This extension will expire 12/18/2015. **No additional extensions will be granted.** In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

Failure to close the pit prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a).

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Dirks E 3 well.

The original 365 days for closure expired on 06/18/2015. This extension will expire on 12/01/2015. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but **no pit permit extension shall be extended beyond six months after the original deadline.***

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

Re: API Well # 15-171-21072-00-00 Dirks "E" 3 Pit Closure Extension Request

Dear Ms. Haynes:

Titan Resources, Limited is requesting an extension of time to close the drilling pit associated with API Well # 15-171-21072-00-00. Due to unusual rain amounts, the pit has been unable to dry out and we have not been able to get the pit closed. The leaseholder has crops planted around the pit and we are unable to get to the pit with trucks to drain and close it without damaging the crops. Once the crops are harvested, we will begin operations to close the pit.

Please let us know if you need anything further. You can contact me at the office (918) 298-1811 or by email kcreedon@titanrl.com.

Sincerely,

Re: API Well # 15-171-21072-00-00 Dirks "E" 3 Pit Closure Extension Request

Dear Ms. Haynes:

Titan Resources, Limited is requesting an additional extension of time to close the drilling pit associated with API Well # 15-171-21072-00-00. The continued wet conditions make it too wet to close the pit.

Please let us know if you need anything further. You can contact me at the office (918) 298-1811 or by email kcreedon@titanrl.com.
