Closure of Drill Pit - Extension of Time Unavailable**

Operator:

A review of your recent correspondence and/or our files indicates that the referenced pit remains open, and that a further extension of time to close the pit is not available to you. The pit is or was required to be closed by December 8, 2015.

If you wish to obtain an exception to K.A.R. 82-3-602, you will need to file a formal application and publish notice under K.A.R. 82-3-100. Note that the application may or may not be granted. You may contact our legal department if you have questions about that process.

If the referenced pit is not closed along with a Surface Pit Closure ("CDP-4") Form submitted, or alternatively if a formal application has not been filed, by **May 20, 2016**, staff may make a penalty recommendation to the Commission, which may result in a monetary fine.

You are welcome to contact me with any questions, by either calling the phone number at the top of the page or emailing me at k.haynes@kcc.ks.gov.

Sincerely,

Kathy Haynes

Re: Stoll 1-22
SW/4 Sec. 22-16S-34W
Scott County, Kansas
15-171-21087-00-00

Dear Sir or Madam:

This letter is to inform you that you have been granted an extension of time in which to close the drilling pits associated with the Stoll 1-22 well.

The original 365 days for closure expired on 09/08/2015. This extension will expire on 12/08/2015. We urge you to make every effort to close these pits within this time frame. In the event there is water standing in these pits, please dewater and dispose of fluids in an authorized disposal facility to expedite closure. Extension of this time frame automatically extends the time period for filing the closure of surface pit form, **but not the time period for filing the waste transfer form (CDP-5).**

*Failure to close the pit or request an additional extension prior to the expiration date shall result in a monetary penalty in accordance with K.A.R. 82-3-602(a). An additional pit extension may be renewed upon request, but **no pit permit extension shall be extended beyond six months after the original deadline.***

Please complete the pit closure form (CDP-4) through Kolar (Kansas On-Line Automated Reporting) at <https://kolar.kgs.ku.edu>.

If you have any questions in this regard, please do not hesitate to contact Kathy Haynes at (316) 337-6243.

Sincerely,

Ryan A. Hoffman
Director

Dear Kathy:

Shakespeare Oil Co., Inc., requests pit closure extensions (three months) for the above locations due to the 8-9 inches of rain this area received this Spring. The wet ground conditions have prevented our dirt contractors from restoring these locations.

If you have any questions, please call or email me.

Sincerely,
Shakespeare Oil Company, Inc.

Don Williams
Vice President
