Reason for Investigation:

Freddie Brewer contacted the district 3 office in response to a letter from Wichita legal about unplugged wells on his expired license.

Problem:

Six wells listed as unplugged on his expired license. The wells in question are the Minden F-3 15-121-19251, H-6 15-121-20501, H-3 15-121-20483, H-2 15-121-20480, F-1 15-121-19250, and I-1 15-121-25940.

Persons contacted:

Freddie Brewer 913-285-3010

Findings:

I met Mr. Brewer on the lease on 9-6-2016. Mr. Brewer told me that the lease was plugged out over two day in 2004 and that Frank Guilfoyle witnessed the pluggings. RBDMS records show that multiple wells were plugged on the lease on 5-28-2004. I inspected each location given for the above mentioned wells and did not see any casing present at the surface. It appears that these wells were plugged along with the others in 2004 but no plugging paperwork was filed for the wells.
