Hey Karen,

I checked this on Google Earth and Pat Staab confirmed in the field that the Jane #2 was never drilled. I think the operator (Ed Glassman) didn't read the well number carefully when he submitted the form and thought it was for the Jane #1. Thanks. Case

**Subject:** Lease Inspection Request on Expired Intent to Drill

Case,  
Legal queries expired Intents to Drill and sends out letters to request information as to whether the well has been drilled or not. Anchor Bay Petroleum, LLC sent back a letter saying the Jane #2 #15-051-26809-00-00 had been drilled and "closed". Jon Meyers said to send District a scan of the letter and request a field inspection of the lease. See attached scan. Thanks!
