Persons contacted:

Richard Boone / Gateway Resources representative

Findings:

The original intent for this well was submitted by Kansas Production on 3/10/2006. There is no information that this well was drilled. A transfer was submitted from CEP Mid-Continent to Gateway Resources. I contacted Richard Boone about this situation. Mr. Boone had previously worked for Kansas Production. Kansas Production was sold to CEP then to Gateway. Mr. Boone is now employed by Gateway. He stated that he was not aware of the well ever being drilled. I attempted to locate the well at the intent location but did not find any signs of any past drilling activity.

Deadline Date:

I recommend that this intent be canceled and the transfer be corrected.
