Re: Wiatt-Swank 1B
Section 33-T24S-R38W
API No. 15-093-21624
Hugoton Field
Kearny County, Kansas

Mrs. Ritter,

Please be notified that the Wiatt-Swank 1B was drilled, but under a different API number than one listed in the Request for Information. Well may be under two different API numbers because there were multiple Notices of Intention to Drill filed for the well.

The first and second notices were approved October 30, 1996 and April 23, 1997, respectively, with API number 15-093-21550. The third notice was approved June 30, 1998 with API number 15-093-21624. The spud date for the well was August 20, 1998. The Well Completion Report was filed using the API number from the third notice, 15-093-21624.

Please find attached copies of the Notices of Intention to Drill as well as the Well Completion Report. If you have any further questions, please do not hesitate to contact me.

With Best Regards,
