Dear Ms. Ritter,

In response to your correspondence dated January 6, 2017 regarding the JK #18-37, we have researched our records and found and attached the following:

Form C-1 approved by KCC 11-16-93 with API #15-011-22812
Form C-1 approved by KCC 11-19-93 with a different API #15-011-22816
Letter from KCC 12-3-93 requesting ACO-1 for JK 18-37 under API #15-011-22812
Form CP-4 dated 3-2-94 with cement ticket submitted by prior Operator under API #15-011-22812
Letter from KCC 9-26-94 requesting pit closure under API #15-011-22812
Form CDP-4 signed 3-13-95 by prior Operator under API #15-011-22812
Form ACO-1 also dated 3-13-95 signed by prior Operator under API #15-011-22812

It appears that the well was drilled and plugged under API #15-011-22812. The only reference we have to API #15-011-22816 is the abovementioned Form C-1. To our knowledge, the API number has not been assigned to another well.

Please call or email (pburchardt@norstarpetroleum.com) should you have any questions.

Sincerely,

Per Burchardt
President
