Findings:

I attempted to locate a well at the location that is listed for this well and did not find a well above ground. The area appears to have had a well there at one time because of the condition of the ground. There is a depression from what appears to have been a pit. Derek Morris' license expired on 11/30/2013. The location listed on RBDMS is : 37.3681672 -95.0413696
