Comments: No field inspections was made on this well. File research leads us to believe this well is also the Hoagland #2 SWD, which we have plugging records for. The following is a sequence of history for the well: 1. Hoagland OWWO #2, 15-007-30366-00-00. 2. Hoagland A #1, 15-007-70334-00-00. 3. Hoagland #1, 15-007-70108-00-00. 4. Hoagland OWWO #2, 15-007-30366-00-01. 5. Hoagland #2, 15-007-90328-00-00. the above is the well history for this one well. Attached are scout cards and the sequence history for this well. I think the data in RDBMS can be merged to make these the same well.
