**Reason for Investigation:**

Jon Myers, Litigation Council, requested well status/lease inspection of all wells on KLN #9102.

**Problem:**

Inactive wells on RBDMS that are listed as PL.

**Persons contacted:**

No one at this time.

**Findings:**

Arrived on the lease in the afternoon and went to the location that was given on RBDMS. After searching the area, I could not locate a well. RBDMS shows this well was drilled but I could not locate any casing above the surface. I used a metal detector but did not find anything to set the detector off within the area I searched. This area does not have any reminance of a well being drilled at this location.

**Actions / Recommendation**

**Follow-up Required**

**Deadline Date:**

Refer my findings to Troy Russell, District #3 Supervisor, with the recommendation that he review my findings and submit the findings to Jon Myers.
